# Welcome to CCR

## **Introduction**

The Central Contractor Registration (CCR) is the primary database for current, accurate, and complete vendor information.

As of June 1, 1998, both current and potential Department of Defense (DoD) vendors are required to register in CCR in order to do business with the DoD if the contract solicitation occurred after May 31, 1998. Vendors are required to complete a one-time registration to provide basic information relevant to procurement and financial transactions. Vendors must update or renew their registration annually to maintain an active status.

CCR validates the vendor's information and electronically shares the secure and encrypted data with the Defense Finance and Accounting Service (DFAS) to facilitate paperless payments through electronic funds transfer (EFT). Additionally, CCR shares the data with several government procurement and electronic business systems.

## **Why CCR was created?**

In the past, any vendor who wanted to do business with more than one DoD site was required to submit the same business information to each and every site. This redundancy of paperwork not only created an administrative burden for both the government and the vendor, but also was a major source of administrative error and expense in terms of both time and money.

Because DoD is the largest purchaser of good and services in the world, the cost savings to be incurred by streamlining these administrative processes are dramatic. CCR was created to be the single repository of vendor data for the entire DoD to avoid this administrative duplication and allow contractors to take responsibility for the accuracy of their own important business information by supplying it directly to the government through a single registration.

## **The Mandate**

In October 1993, the President issued a memorandum that mandated the Government reform its acquisition processes. Subsequently, the Federal Acquisition Streamlining Act (FASA) of 1994 was passed, requiring the establishment of a "single face to industry." To accomplish this, the DoD identified a centralized, electronic registration process known as CCR as the single point of entry for vendors that want to do business with the DoD. To this end, the Defense Federal Acquisition Regulation Supplement (DFARS), Subpart 204.7300, requires contractors to register in the CCR to conduct business with the Department of Defense.

## **Who registers in CCR?**

- According to the DFARS 204.7302, after May 31, 1998, prospective vendors must be registered in CCR prior to the award of a contract; basic agreement, basic ordering agreement, or blanket purchase agreement, unless the award results from a solicitation issued on or before May 31, 1998.
- Prime contractors are not required to have their subcontractors register in CCR. If a prime's subcontractor wants to bid directly for contracts with the DoD, they should register in the CCR.
- EFT and assignment of claims as stated FAR 52.232-33 Para. H.:  
“EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall register in the CCR database and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.”
- All Government Agencies that perform contract work within the DoD
- Prospective NASA vendors must be registered in CCR prior to the award of a contract; unless the award results from a solicitation issued on or before March 1, 2001.

## **Exceptions to the CCR registration requirement**

The DFARS policy requiring registration in CCR applies to all types of awards except the following:

- Purchases made with a Government-wide commercial purchase card
- Awards made to foreign vendors for work performed OUTSIDE the United States
- Classified contracts or purchases (ref. FAR 4.401)
- Contracts awarded by deployed contracting officers in the course of military operations, including but not limited to contingency operations as defined in 10 U.S.C. 101(a) (13), or contracts awarded by contracting officers in the conduct of emergency operations, such as responses to natural disasters or national or civil emergencies
- Purchases to support unusual or compelling needs of the type described in FAR 6.302-2

# Ways to Register

## **Internet**

Going through the Internet (World Wide Web) is the fastest and most efficient way to register.

Step 1: For details on the information to gather before you register, see the section of this document, Information Needed to Register.

Step 2: Access the CCR online registration through the CCR homepage at <http://www.ccr2000.com>.

Step 3: Complete and submit the online registration. If you already have the necessary information on hand, the on-line registration takes approximately 30 minutes to complete, depending upon the size and complexity of your company.

### Additional important information for Web users:

When you register via the Web, a temporary confirmation number will be assigned to you so that your application can be saved in the event you are unable to complete it during your initial online session. It is important that you write down your temporary confirmation number, as you must have it, along with your D-U-N-S number, to resume your application. Clicking "submit" will save the incomplete registration. A list of information you are missing will appear as well as your confirmation number. Once your complete registration is becomes active the confirmation number becomes invalid.

## **Fax or Mail**

Step 1: Fill out the registration form provided at the end of this handbook or by calling (888) 227-2423 or (616) 961-4725 internationally.

Step 2: For details on the information to gather before you register, see the section of this document, Information Needed to Register.

Step 3: Fax or mail the CCR registration to the CCR Assistance Center.

CCR Assistance Center  
74 Washington Street North  
Suite 7

Battle Creek, MI 49017-3084  
FAX: (616) 961 7243

You may fax the forms to the number shown, however, any problems with legibility of data may cause delay or rejection of your trading partner profile.

Additional Information:

CCR Assistance Center personnel will enter the data as received. If your registration is incomplete, you will receive a letter that will include a copy of your registration and a list of missing data. It is your responsibility to provide any missing data.

# How to Know Your Registration Was Successful

## **Internet**

You will be unable to submit your registration on-line unless all of the mandatory information is provided. You will be notified of missing information by a list of 'errors' when you click "Submit". Once you have provided the information click "Submit" again to verify that all necessary fields are filled.

## **Fax/Mail**

If your registration is missing information you will receive a letter that includes a copy of your registration and a list of the missing data. It is your responsibility to provide any that data back to the CCR Assistance Center so that your registration can be completed.

If your registration was submitted successfully then you will you receive two letters via U.S. mail. This first letter is to welcome you to CCR and will include a copy of your registration. Please make sure you review the registration for accuracy.

The second letter contains your confidential Trading Partner Identification Number (TPIN). The TPIN is sent separately for security reasons. Receipt of your TPIN not only confirms that you are successfully registered in CCR, it is required to make or request any changes or updates to your active registration. The TPIN is your confidential password, to change your CCR information. The TPIN is not to be used on contracts or other government paperwork.

# How to Verify the Status of Your Registration

Visit CCR's homepage at <http://www.ccr2000.com> and click on "Search CCR". When prompted, enter your DUNS number and click "Search". The registration status is located at the top of the page in RED.

Or

You may confirm your registration by calling the CCR Assistance Center at (888) 227-2423 or (616) 961-4725 internationally. The Interactive Voice Response (IVR) System for CCR Status allows a calling-party to check the status of their CCR registration based on entry of a DUNS number. Call 1-888-352-9333 - and select CCR from the Menu (Option 3)

Valid Statuses are:

**Registered/Active**

**Pending:** Registration is in process of being validated

**Inactive:** Registration has been cancelled or expired

**Invalid:** DUNS number is incorrect. Contact D&B to verify the DUNS number.

The calling party can always speak to a live agent for additional explanation.

# How to Renew, Change or Cancel an Active Registration

## **Your Responsibilities**

- You are responsible for ensuring the accuracy of your registration. You must use your DUNS number in conjunction with your TPIN number when making and/or requesting any changes to your profile.
- You are responsible for updating all of your registration information as it changes
- You must renew your registration at least once a year. If you do not renew your registration it will expire. An expired registration will affect your ability to conduct business with the DoD.
- Please remember that once you cancel your registration all payments, if ones are being made, will cease. A vendor must remain active in CCR until all payments are made to avoid discontinuation.
- You may voluntarily cancel your registration at any time by contacting the CCR Assistance Center at (888) 227-2423 or (616) 961-4725. If you cancel your registration, your information will be removed from the CCR database. If you cancel your registration by mistake, you may also call (888) 227-2423 or (616) 961-4725 to reinstate that registration.

## **To initiate any changes or submit a renewal:**

**Fax or Mail:**

- Send your DUNS number, your TPIN number, company name and changes if necessary to the CCR Assistance Center for update.

# Information Needed to Register

\*Items are mandatory

**General Information:** This section contains mandatory fields

**\*Data Universal Numbering System (DUNS) Number:** The Data Universal Numbering System (DUNS) number is a unique nine character identification number provided by the commercial company Dun & Bradstreet. Call Dun and Bradstreet at 1-800-333-0505 or 610-882-7000 if you do not have a DUNS number. The process to request a DUNS number takes about 10 minutes and is free of charge. If you already have a DUNS number, the D&B representative will advise you over the phone. You must have a different 9 digit DUNS for each physical location/different address in your company as well as each legal division that may be co-located. When entering your DUNS number, enter only the numbers; do not include dashes.

**DUNS +4:** The use of DUNS+4 numbers to identify vendors is limited to identifying different CCR records for the same vendor at the same physical location. For example a vendor could have two records for themselves at the same physical location to identify two separate bank accounts. Vendors wishing to register their subsidiaries and other entities, should ensure that each additional location obtains a separate DUNS number from Dun & Bradstreet at (800) 333-0505. If you have questions regarding the use of DUNS +4 please contact our CCR Assistance Center at 1-888-227-2423.

**CAGE Code** - The Commercial And Government Entity (CAGE) Code is a five character ID number used extensively within the Department of Defense. Vendors with a U.S. address may submit the application without a CAGE Code if they do not have one. If your application does not contain a CAGE Code, one will be assigned to you. The CCR registration process will also verify existing CAGE Codes for all applicants. To speed up the process, make every effort to use a current CAGE Code in your application. You must have a separate CAGE Code for each physical location and separate division at the same physical location. Each separate CCR registration must have its own CAGE Code. If you think you have a CAGE Code, search the DLIS CAGE web at [http://www.dlis.dla.mil/cage\\_welcome.htm](http://www.dlis.dla.mil/cage_welcome.htm). Foreign vendors must include an NCAGE Code on the registration or it will be considered incomplete.

**\*Legal Business Name and Doing Business As** - Enter the legal name by which you are incorporated and pay taxes. If you commonly use another name for normal operations, such as a franchise or licensee name, then include that in the DBA space below the Legal Business Name. Your legal business name as entered on the CCR

registration MUST match the legal business name at Dun & Bradstreet. If the information does not match, your registration may be rejected during processing.

**\*US Federal TIN** – The Tax Identification Number (TIN) is the nine-digit number companies use for income tax purposes. If you do not know your TIN, contact the Internal Revenue Service (IRS) at 1-800-829-1040. If you operate as an individual sole proprietorship and do not have a TIN, you must use your Social Security Number in the space to the right. If you are located outside the United States, you are not required to provide a TIN. When entering your TIN or SSN on the web site, enter only the numbers; do not include the dashes (Example: 123456789 not 123-45-6789) Note: Authority: 31 U.S.C. 7701 (c) (3) Principal Purpose(s): The TIN may be used by the Government to collect and report on delinquent amounts arising out of the offerer's relationship with the Government. The TIN is not mandatory for vendors who are located outside the United States.

**Division Name and Number:** If you do business as a division of a larger company, use this space to indicate the proper name for your division. If some other identifier commonly distinguishes your division, enter that in the space on the right. Otherwise, leave blank.

**\*Address Line 1:** PO Box and c/o MAY NOT BE USED IN THIS SPACE. You must include a valid street address where your business is located. If you use a PO Box for correspondence, this may be included in the space allocated under the tab "Address Info". Your street address, as entered on the CCR registration, MUST match the street address for which Dun & Bradstreet has you registered. If the information does not match, your registration may be rejected during processing. You may not register a branch of the business with the branch address and the headquarters duns number.

**Address Line 2:** Use this space to continue your physical street address, if needed.

**\*City, State, Zip:** The 9-digit zip code is preferred. When entering the nine-digit zip code on the web, enter numbers only; do not include the dash. (Example 123456789 not 12345-6789)
